

Assignment No. 5

- Inline and External CSS

```
import '../Style/StyleDemo.css'
```

```
function StyleDemo() {  
  return (  
    <div className="form-container">  
      <h2 className="form-title">Registration Form</h2>  
      <div className="box" style={{background: '#f9f9f9'}}>  
        <div className="input">  
          <input type="text" placeholder="Full Name" />  
        </div>  
        <div className="input">  
          <input type="email" placeholder="Email" />  
        </div>  
        <div className="input">  
          <input type="password" placeholder="Confirm Password" />  
        </div>  
        <div className="input">  
          <input type="password" placeholder="Password" />  
        </div>  
        <div className="input">  
          <input type="submit" value="Submit" />  
        </div>  
      </div>  
    </div>  
  )  
}  
export default StyleDemo
```

```
/* Center the form in the screen */  
.form-container {  
  display: flex;  
  flex-direction: column;  
  align-items: center;  
  justify-content: center;  
  min-height: 100vh; /* full height */  
  /* background: #f0f2f5; */  
}
```

```
.form-title {  
  margin-bottom: 20px;  
  color: #222;  
  font-family: Arial, sans-serif;
```

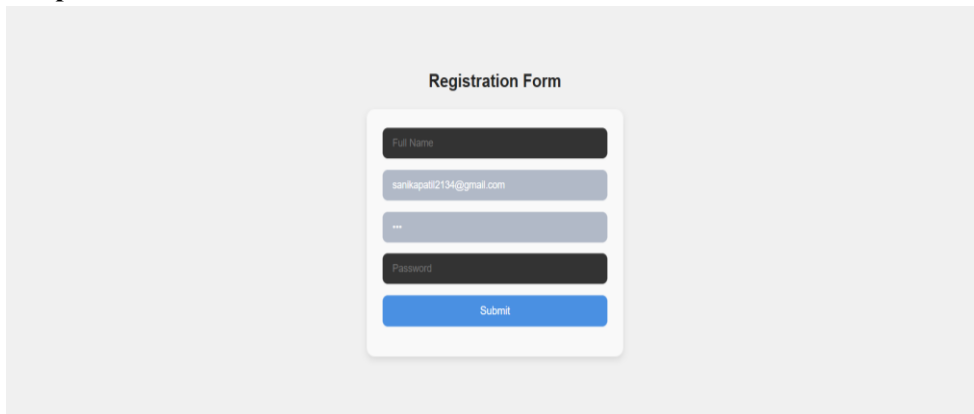

```

}

/* Box styling */
.box {
  width: 350px;
  padding: 25px;
  border-radius: 12px;
  box-shadow: 0 4px 8px rgba(0, 0, 0, 0.1);
}

```

Output:

- Module CSS

```
import React from "react";
```

```
import styles from "./Button.module.css"; // ✅ CSS module import
```

```

function Button() {
  return (
    <div>
      <button className={styles.btn}>Click Me</button>
      <p className={styles.msg}>This is a module CSS message!</p>
    </div>
  );
}

export default Button;

```

```
.btn {  
  background-color: #4caf50;  
  color: white;  
  padding: 10px 20px;  
  border: none;  
  border-radius: 8px;  
  cursor: pointer;  
}
```

```
.btn:hover {  
  background-color: #45a049;  
}
```

```
.msg {  
  margin-top: 12px;  
  font-size: 16px;  
  color: #333;  
  font-weight: 500;  
}
```

Output:
